

MEIKO CONNECT

The smart cockpit for your dishwashing machine

MEIKO CONNECT makes it easier to monitor your professional kitchen. Now you can use your smartphone to record machine and hygiene data from your MEIKO dishwashing machine – it's easy and convenient.

Scan the QR code to get started

COMPLETELY FREE

Download and view hygiene data now

Speedy setup:

1. Download app straight from your provider's app store and activate Bluetooth on your smartphone.
2. Establish a connection with your MEIKO M-iClean U, M-iClean H, UPster® K or M-iQ.
3. Get a handy readout of your operating data in the app and export it when you need to.

Take a look at the benefits:

- ✓ Keep a constant eye on hygiene safety.
- ✓ No IT infrastructure needed thanks to simple Bluetooth communication.
- ✓ For any MEIKO machine with a glass display.
