

MEIKO[®] ACTIVE

D-UH 1990 PCI

Heavy duty liquid warewashing detergent with chlorine bleach suitable for hard water conditions

- provides best bleaching effect on coffee and tea stains
- highly effective even on heaviest soil
- provides clean, sparkling results
- guarantees one-pass cleaning results
- effectively binds water hardness

Instructions for use:

MEIKO ACTIVE D-UH 1990 PCI is used with a dosing unit. The dosage is determined by water hardness, time to wash, soil level, type of dishwashing machine and tableware etc.

Recommended dosage:

1,5 – 4,0+ g/l water

Special information!

In case of a product switch, a service technician needs to attend. Before the first use of a new product type, always rinse dosing line with clean water to avoid any build-up of crystallisation. Not for use on aluminium and other soft metals. Do not mix with any other products!

Composition and Detergents Regulation information

Please see safety data sheet.
