

MEIKO[®] ACTIVE

D-US 1000 ECO

Concentrated liquid warewashing
detergent with ECOLABEL

- with Nordic Swan Ecolabel
- NTA-, EDTA-, phosphate- and chlorine-free
- provides clean, sparkling results
- guarantees one-pass cleaning results
- maximum environmental friendliness
- for soft to medium hard water conditions

Instructions for use:

MEIKO ACTIVE D-US 1000 ECO is used with a dosing unit. The dosage is determined by water hardness, time to wash, soil level, type of dishwashing machine and tableware etc.

Recommended dosage:

2 – 4 g/l water

Special information!

In case of a product switch, a service technician needs to attend. Before the first use of a new product type, always rinse dosing line with clean water to avoid any build-up of crystallisation. Not for use on aluminium and other soft metals. Do not mix with any other products! Select low temperature washing cycles on the dishwasher, wash full loads and do not exceed the recommended dosage. This will minimize both energy and water consumption and reduce water pollution.

Empty containers should be taken to an approved waste handling site for recycling or disposal. Dispose of in accordance with local, state, and federal regulations.

Composition and Detergents Regulation information

Please see safety data sheet. Packaging and label are made of polyethylene.
