

MEIKO[®] ACTIVE

D-US 1190

Universal highly concentrated liquid
warewashing detergent for soft to
medium-hard water conditions

- NTA-, EDTA-, phosphate and chlorine-free
- highly effective even on toughest soil
- provides clean, sparkling results
- guarantees one-pass cleaning results
- binds water hardness

Instructions for use:

MEIKO ACTIVE D-US 1190 is used with a dosing unit. The dosage is determined by water hardness, time to wash, soil level, type of dishwashing machine and tableware etc.

Recommended dosage

1,5 – 3,5+ g/l water

Special information!

In case of a product switch, a service technician needs to attend. Before the first use of a new product type, always rinse dosing line with clean water to avoid any build-up of crystallisation. Not for use on aluminium and other soft metals. Do not mix with any other products!

Composition and Detergents Regulation information

Please see safety data sheet.

Storage conditions

Store separated from acids. Store between 0 and 40 °C.
