

M-iQ Unlimited

Dishwashing technology for bakers

This machine gets everything perfectly clean – from mini to maxi

Large racks and crates – there's always plenty to wash in the bakery. For cleaning, professional bakeware washing technology is available from MEIKO. The *M-iQ Unlimited* is specially designed to meet the needs of the baking trade: it knows no limits and simply swallows everything that the bakery can throw at it. No wonder that MEIKO is a firm favourite among professional bakers. MEIKO has just been selected as the premium brand of the baking industry.

Cleans the crates not the conveyor belt

The racks snap securely into the conveyor chain – no slipping possible. Optimum drying guarantees maximum efficiency, as the racks can be quickly used again.

Energy like never before

All the processes in the *M-iQ Unlimited* are designed to recover heat and channel it back into the system through an innovative energy management process.

Your benefits

- Maximum cleanliness with minimal consumption of valuable resources thanks to the proven M-iQ energy concept
- Innovative conveying chain for the best wash results and jolt-free transport
- Maximum capacity without sacrificing hygiene standards
- Top-notch cleanliness thanks to highly efficient filter technology
- Intuitive operation via hygienic glass operating display
- Intelligent self-cleaning program requires less operator effort

M-iQ Unlimited

M-iQ Unlimited	max. crates capacity* (600 x 400 mm crates)	Water consumption	Power consumption (average)	Machine length***
For transport crates in sizes 500 x 500 mm, 600 x 400 mm, und 600 x 500 mm. Passing height: 465 mm	crates/h	l/h	kW	mm
S K-S74 B N06 P8	260	230	33.7	3,900
M K-M74 B V6 N56 P8	355	210	32.7	5,300
L K-L74 B V8 N45 P8	565	250	43.5	6,700
XL K-XL74 B V8 N45 P8	675	260	50.5	8,100

*required drying result influences the rack capacity
**Depends on machine capacity
***without conveying technology

Complies with the hygiene requirements of DIN SPEC 10534.
